

2013-2017

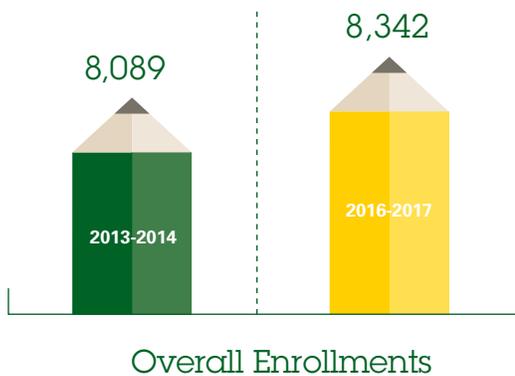

# Results at a Glance

Wrapping up the four-year strategic plan

Looking back on the last four years, **Prairie Valley School Division** is proud of what we have accomplished. Student achievement in reading, math and graduation rates show sustained improvement, facilities and technology infrastructure are improved, bus services are safe and efficient and our financial position is stable.

## Enrollments Grew

+140  
home-based  
students

= 8,482  
highest  
enrollment ever

## Student attendance improved

89%  
to  
92%

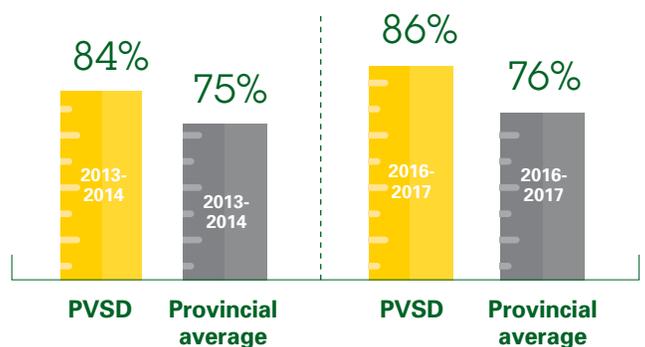

## Student achievement improved

Reading Grades 1 – 8	74%	75%
Literacy Grades 6 – 10	72%	76%
Math Grades 3 – 9	79%	86%
Treaty Essential Learnings*	84%	89%

● 2013-2014    ● 2016-2017

## Graduation rates jumped\*

\*Results in 2013-2014 are for Grades 4, 7 and 10; results in 2016-2017 show Grade 4 and 10 only.

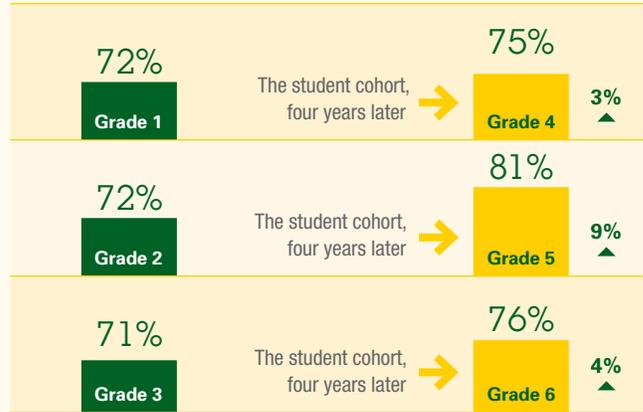

\*Three-year graduation rates.

# A Closer Look

Reading is fundamental to future learning and builds confidence in students to meet the demands of all curriculum content areas. Reading is an essential daily skill for everyone, which is why we monitor development and growth in reading for Grades 1 to 8 and we are proud to report that in the Prairie Valley School Division...

Students reading at or above grade level improved:

## We Invested in Infrastructure\*

Information Technology	\$7.3 M
School Busses	\$6.0 M
Facilities	\$26.4 M**
Furniture and Equipment	\$4.7 M

\*Four-year totals, 2013-2017

\*\*Infrastructure spending was funded in part by Ministry of Education capital grants and Ministry approved capital borrowing.

# 87%

of bus students rode 45 min. or less, one way.

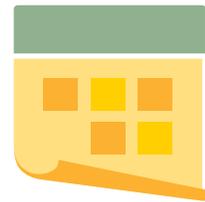

## Workplaces were safer:

**798**  
time loss days  
2013

**679**  
time loss days  
2016

**357**  
time loss days  
2017 (to Oct. 31)

Average sick days per employee dropped:

**9.3 days**

in 2016-2017 from a high of 13.9 days.

## Support services became more efficient

Service requests closed within targeted timeframes

**Facilities**

**85% to 100%**

up from 51% to 72% four years ago.

**IT**

**100%**

up from 71% to 85% four years ago.

## 2013-2017 Financial Management

From 2013-2014 to 2015-2016, we balanced the budget each year and received unqualified audit opinions four of four years. In 2016-2017, we ended the year with a **\$627,000** deficit, a significant improvement from the **\$1.6M** deficit estimated in the 2016-2017 Budget, with no impact on school staff or operations.
